Report of One Day Workshop on Intellectual Property Rights IPR 2021-22

IQAC organised One Day Workshop on Intellectual Property Rights IPR on 19/08/2021 in four sessions from 11 AM to 4.30 PM in the seminar hall of the college. Smt. S.E.Brahmankar, Head Dept of Commerce, KGDM College Niphad inaugurated the workshop and she was felicitated by the Principal Dr. R.N.Bhavare. IQAC Coordinator Dr. P.P.Parmar gave introduction of the workshop in brief in the inaugural function.

Session I : 11AM to 1 PM

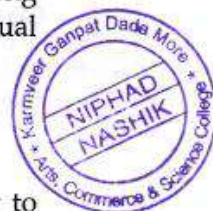

Smt. S.E.Brahmankar inaugurated the workshop and delivered address on the role of intellectual property (IP) is a category of property that includes intangible creations of the human intellect. There are many types of intellectual property, and some countries recognize more than others. The most well-known types are copyrights, patents, trademarks, and trade secrets. The term "**intellectual property**" began to be used in the 19th century, though it was not until the late 20th century that intellectual property became commonplace in the majority of the world's legal systems

The main purpose of intellectual property law is to encourage the creation of a wide variety of intellectual goods. To achieve this, the law gives people and businesses property rights to the information and intellectual goods they create, usually for a limited period of time. This gives economic incentive for their creation, because it allows people to profit from the information and intellectual goods they create.

The intangible nature of intellectual property presents difficulties when compared with traditional property like land or goods. Unlike traditional property, intellectual property is "indivisible", since an unlimited number of people can "consume" an intellectual good without it being depleted. Additionally, investments in intellectual goods suffer from problems of appropriation: a landowner can surround their land with a robust fence and hire armed guards to protect it, but a producer of information or literature can usually do very little to stop their first buyer from replicating it and selling it at a lower price. Balancing rights so that they are strong enough to encourage the creation of intellectual goods but not so strong that they prevent the goods' wide use is the primary focus of modern intellectual property law.

Session II: 1PM to 2 PM

The second session was conducted by Librarian Sanjay Aher. According to him the word "plagiarism" comes from the Latin plagiarus meaning "kidnapper" Plagiarism means using another's work without giving them credit and saying that it

it is your own. Copying and pasting text from internet. Using photographs, video or audio without permission or acknowledgement, using another's work and claiming it as your own even with permission, using your own work without properly citing it! etc.

He explained in detail what types of Plagiarism...are

- *Plagiarism of Words*
- *Plagiarism of Structure*
- *Plagiarism of Ideas*
- *Plagiarism of Authorship*
- *Plagiarism of Self*

2 PM to 2.30 PM- Lunch Break

Session III : 2.30 PM to 3.30 PM

The third session was conducted by Dr. M.B.Wagh Assistant Professor in Commerce Dept. Patents India's Patents Act of 1970, 2003 Patent Rules and the 2016 Patent Amendment Rules set out the law concerning patents. As in the UK, there is no provision for utility model patents. The regulatory authority for patents is the Patent Registrar under the office of the Controller General of Patents, Designs and Trade Marks, which is part of India's Ministry of Commerce and Industry. Patents are valid for 20 years from the date of filing an application, subject to an annual renewal fee. India's patent law operates under the 'first to file' principle—that is, if two people apply for a patent on an identical invention, the first one to file the application will be awarded the patent.

Session IV: 3.30 PM to 4.30 PM Questions and answer and valedictory Function

The Session IV was Feedbacks and Questions-answer including valedictory function. The participants asked various questions to experts and get their doubts solved. The teacher participants have also given positive feedbacks that the workshop was successful. Smt. V.B.Gite anchored the workshop. A.L.Gaikwad, Dr. P.P.Parmar, B.B.Muntode, Dr.C.B.Nigale, Smt. S.E.Brahmankar remained present in the workshop. Total 33 teacher participants were present in the workshop.
